

## ML2021Spring HW4 Report

<電機二> <吳冠緯>

<b08901019>

Public Score	Private Score
0.96023	0.95555

The methods I used to pass the strong baselines include:

1. Change transformer to conformer. (using the resource that cited in the reference)
2. Add dropout in the conformer block.
3. Adjust some of the hyperparameters.
